The Inconvenient Child, a compelling new book, reveals the shocking true story of a secret Australian child's struggle to survive childhood and find her African-American family, after a search spanning two continents and 48 years.

Sharyn Killens is better known as Sharyn Crystal, a successful Australian singer and entertainer. But her life wasn't always glamorous and her childhood was at times, a living hell. *The Inconvenient Child* is the true account of her extraordinary journey to success and her quest to discover her African-American heritage.

Sharyn Killens and co-author Lindsay Lewis have been friends for twenty years and met during their time as entertainers. Their close relationship and music background makes for a lively yet emotional author talk. But it's not all tears and there is often a surprise at the end when they break into song!
